WEDDINGS

In this paradise island setting, couples are welcome to say their vows on the pristine white beach, or overlooking the ocean from the coastline. For those making Itz'ana their own, events can take place in several locations, with different levels of formality depending on the hour of the day.

A feet-in-the-sand beach barbeque can provide a rustic base for the evening celebrations, or a multi-course fine-dining experience beneath the stars can create a more formal affair. Intimate weddings for up to 20 guests can also be held in one of the resort's Villas, where privacy and exclusivity are a given, without the need to buyout the entire resort.

We specialize in custom made wedding events. Contact us to get a personalized wedding event quote.

ITZ'ANA WEDDINGS

A romantic wedding photograph of a couple in a tropical setting. The bride, wearing a white long-sleeved dress and gold hoop earrings, is holding a large, round, woven straw fan. The groom, in a grey suit, is smiling and looking at her. They are standing next to a large tree trunk. In the background, there are palm trees, a sandy beach, and a building with a red and white striped awning. The scene is bathed in warm, golden light, suggesting late afternoon or early evening.
